MEMORANDUM FOR THE RECORD

SUBJECT: Staff Study about Utilization of Staff Employees in
Selected Cover Situations

25X1A9A

1. Mr. [REDACTED] inquired about the status of subject study and asked specifically what, if anything, was being done to implement the recommendations. I told him that at the time when distribution of the study was made from the Office of the DD/S, memoranda were also sent from that Office to the Special Support Assistant to the DD/S, the Director of Personnel, the Comptroller, and Chief, Management Staff, directing that action be taken to implement the staff study.

2. On 19 November I talked with [REDACTED] Chief, Finance Division, and he stated that his staff was prepared to accept individuals processing to the field as staff employees on the basis outlined in the staff study, specifically Tab C. He stated that a true name roll for these "special" employees has already been set up, and he anticipates no problems in handling the "special" processing for these people. [REDACTED] intends to write a memorandum outlining his position and said he would send me a copy.

3. On 19 November I talked with Mr. [REDACTED] Chief, Contract Personnel Division, who has been given the responsibility of taking the action to implement the staff study for the Office of Personnel. [REDACTED] stated that he had a redraft of Regulation No. [REDACTED] almost ready to be sent to the FI Staff. He said that his covering memorandum to the draft regulation would relate the staff employee "special" category to the staff agent category. [REDACTED] indicated that there would have to be a series of conferences with the various components in DD/P which are interested in this matter but that he believed it was moving along satisfactorily. He agreed to send me a copy of his memorandum to the FI Staff.
